**SALTS**
—acid-base balance in serum of rats, with particular reference to effects produced by diet low in inorganic constituents, [P. K. & A. H. Smith] J.Biol.Chem. **105:** lxxxi, May '34
—changes in cells and pigment in blood after reallmentation of rats on low salt ration, [J. M. Orten & A. H. Smith] J.Biol.Chem. **105:** lxvi, May '34
—inorganic salts in nutrition; change in composition of bone of rats on diet poor in inorganic constituents, [R. O. Brooke, A. H. Smith & P. K. Smith] J.Biol. Chem. **104:** 141-148, Jan. '34
—inorganic salts in nutrition; variations in proportion of reticulocytes in blood of rats receiving diet deficient in inorganic salts, [J. M. Orten & A. H. Smith] J.Biol.Chem. **105:** 181-187, April '34
—rôle of vitamins and inorganic salts, [R. A. McCance] Lancet **2:** 1439-1442, Dec. 23, '33
**effects, capacity of absorption of bilirubin by blood serum; influence of various salts, [M. C. Rubino, B. Varela & P. Rubino] Compt.rend.Soc.de biol. 113: 1281-1284, '33**
—alteration of acid-base equilibrium toward either acid or alkaline side by diet and by salts, [H. Dennig, H. J. Gottschalk & L. Teutscher] Arch.f.exper.Path. u.Pharmakol. **174:** 468-475, '34
—changes in electric excitability of vagus nerve following administration of various salts, [C. Saito] Acta scholae med.univ.imp.in Kioto **16:** 152-158, '33
—effects of injection of certain salts on calcium, magnesium and inorganic phosphorus of serum of rabbit, [R. W. Brookfield] Biochem.J. **28:** 725-733, '34
—influence of mineral salts and epinephrine on spasmodic action of local anesthetics, [F. Eichholtz & G. Hoppe] Arch.f.exper.Path.u.Pharmakol. **173:** 687-696, '33
—influence of salts and additional nutrients on stability of agar medium, [V. Dimitrijević-Speth] Zentralbl.f. Bakt. (Abt. 1) **131:** 247-254, April 5, '34
—influence of various inorganic salts on mobilization of sugar in liver; experimental study, [Y. Aoyama] Sei-I-Kwai M.J. (Abstr. Sect.) **52:** 1-2, Aug. '33

**SALTS, effects**—Continued
—on carbohydrate metabolism and blood pressure in diabetic children, [W. H. Thompson & I. McQuarrie] Proc.Soc.Exper.Biol.& Med. 31: 907-909, May '34
—on cell permeability, as shown by studies of milk secretion, [G. L. Peskett] Proc.Roy.Soc.,London,s.B, 114: 167-180, Dec. 1, '33
